

BANK / LENDER QUESTIONNAIRE RESPONSE COVER SHEET

What this form is: a cover sheet for tracking a lender's questionnaire about a unit sale, refinance, or mortgage.

What it's for: lenders require confirmation of building financials, insurance, and litigation status before approving a loan; this sheet tracks the request from receipt to completion.

Why it's needed: a \$200.00 processing fee applies per Camelot's standard fee schedule, payable by the requesting party, and lenders often have tight closing deadlines.
