

RENTAL PACKAGE APPLICATION COVER SHEET

What this form is: a cover sheet attached to a condo/co-op rental applicant's package.

What it's for: it confirms every required document has been received before a lease is issued.

Why it's needed: condo/co-op rental packages are reviewed by the Board or managing agent and are held to a higher documentation standard than a standard market-rate rental — this checklist keeps the process moving without back-and-forth.
