

MANAGEMENT TRANSITION MANIFEST CHECKLIST

What this form is: a checklist of everything that must change hands when onboarding a new property or taking over from a prior managing agent.

What it's for: it follows REBNY-area transition guidance so nothing — records, keys, contracts, insurance, reserves — gets lost in the handoff.

Why it's needed: an incomplete transition creates real financial and legal exposure for the new agent; confirm each item received before signing off.
